	services of Transplant House, the Cancer Society, Ronald McDonald House and hospital patients and visitors.		
	Some of these health based playground users are currently not well served eg access, seating		
	 Access for prams and wheelchairs is currently difficult with 3 of the 4 sides bounded by either a drain, a wall and a fence. Open access is currently furthest from Park Road. 		
	 Current location of playground under trees has sunny day advantage but tree drip factor prolongs wet weather. 		
	 Splash water feature discussed + issue of water quality + unsuitability of a location under trees 		
	 Support for playspaces/ some equipment for all ages, that foster creative play, 		
	 for this upgrade to provide seating, drinking fountains children can reach/operate, and rubbish bins 		
	12. bring back swings,		
	 include some sound based play equipment (eg sound wall, talking pipes), 		
	 idea of a telephone booth sized library/ book exchange discussed - could provide a book exchange vessel ie big enough to reach into, not climb into. 		
	 A Climbing equipment suitable for a mix of ages sought A Space net (Ayr St playground style) was suggested 		
	16. Sand pit pros and cons discussed - keen support for it		
	17. Playground could extend to both sides of the entrance path		
	 Suggestion that playground edge/s be formalised (meaning hard surface) which creates a circuit for wheeled toys 		
	19. Want all fittings/equipment graffiti guarded before use.		
	 Some local children have recent experience of playspace research and design through Newmarket Primary School. On eof them, R Skudder showed some results, offered advice.

	3. Last time was 1999		
	 The 1999 GRA rules posted on the Companies Office website is minus 1 page. The Companies office has requested this page. No 		
	hard copy has been located so we must recreate.		
	 In the absence of this page the 1962 rules apply for those matters recorded on the missing page 		
	Updating is needed also for reasons of currency of terms and accuracy.		
	Updates follow the Companies Office advice which you can read here

	 GRA's need to file outstanding financial reports 2015/16, 2016/17 to maintain status as an incorporated society 		
	 GRA's long practise of no audit/ review is evidenced in the financial returns files with the companies Office 		
	 This rule is consistent with the Companies Office advice - see 7 above. 		
	Noted current Treasurer's preference for oversight by a financial professional		
	Questions from C Gillett
