3.0	PARKING PERMITS		
	<p>Emerging issues</p> <p>1. The Grafton Residential Parking Scheme to date solves day parking for Grafton residents.</p> <p>Outside of the 8am - 6pm Mon- Fri hours of the scheme's operation parking for residents is either much the same -ie at near capacity as the pre-scheme AT survey of Grafton parking indicated, or worse as in not available (Seafield View Rd).</p> <p>Outside of the hours of the scheme's operation all of Seafield View Rd is now free parking. It is free parking every day in time for the hospital evening shift and evening visiting and as was the case before the new parking scheme, it is parked in by Hospital staff and visitors and those attending entertainments across Grafton Bridge. With the removal of the few 24hr designated resident parking places in this street and with no delivery zone parking residents have not been able to park on street or unload their vehicles when returning home after 6pm.</p> <p>Note: Parkfield Terrace and Claremont Street may be experiencing the same issue due in part to the call centre on Khyber Pass. GRA needs to hear from Parkfield Terrace and Claremont St residents if this is the case.</p> <p>2. We could facilitate residents use of this scheme - by</p> <ul style="list-style-type: none"> <li>further encouraging all residents to apply for at least their allocation of vouchers</li> <li>assist residents with the online application process for these vouchers - some residents indicated this would be welcome</li> </ul>
