

# Work starting soon

## Completion of Installation of CCTV Compliance Cameras

26<sup>th</sup> March 2019

To the Business Manager/ Owner/ Resident

### Installation of CCTV Compliance Cameras near #32 and #260 Park Rd

Auckland Transport is committed to making the road environment safer for road users in our existing network.

As part of our region-wide *compliance* programme, we have engaged *CSLi Ltd* to carry out safety improvement at the above location.

The scope of work will include:

1. Installation of new ducting and cabling;
2. Installation of new poles and CCTV cameras;
3. Reinstatement works

We intend to **start work from 28<sup>th</sup> March 2019** (weather permitting) and the work is expected to take **up to 1 Week** to complete.

Summary of Planned Works (see reverse page)	
Installation of Poles 1 – 4	(28/03/19 – 29/03/2019)
Installation of Poles 5 – 8	(30/03/19 – 02/04/2019)
Reinstatement works	(03/04/19 – 05/04/2019)

The works will be completed as quickly and efficiently as possible, but the completion date may change due to unforeseen circumstances and/or weather conditions. If the work is not completed within the indicated timeframe, please assume the work will continue until completion.

Please be aware that machinery, trucks, and stockpiles of material will be on site during the course of the project.

**Please help us by ensuring that children and pets are supervised when approaching the works area. There will also be some level of noise during construction works, we also plan to do some works at Night and will minimise Noise at all times.**

**If you have any questions, concerns or special requirements before or during the course of work please feel free to contact the Contractors Representative on details below;**

**Shane Heyns – 021 461 257 or [shane.heyns@csl.co.nz](mailto:shane.heyns@csl.co.nz)**

**Alternatively you may call Auckland Transport on 09 355 3553**

**We apologise for any inconvenience we may cause.**

**Thank you for your patience and cooperation while we undertake this upgrade.**

Installation of 5m Galv poles
